

[Elefsina – Korinthos – Patra – Pyrgos – Tsakona Motorway concession project](#) consists of 284km new alignment (new dual motorway linking Korinthos with Patras, Pyrgos, Tsakona) and about 81km of existing motorway (Elefsina – Corinth and Patras By-pass) which requires rehabilitation and upgrading works.

The Project is funded by the European Investment Bank, the European Union and the Greek State.

[Systas](#) has been the sole designer responsible for the Highway, Drainage, Signage & Safety designs regarding the:

- ❖ existing motorway Elefsina-Corinth (rehabilitation-upgrading of total motorway length ~62km)
- ❖ new alignment of Patra-Pyrgos-Tsakona motorway (133km of new dual motorway, 215km of local and 17 interchanges).
